

TRAUMA HEALING INITIAL EQUIPPING

Trauma Healing
Institute

Purpose

Trauma knows no boundaries of nationality, gender, age, social class or race. We all live in a fallen world and groan inwardly from the painful consequences of the fall. The church is uniquely called to this mission field—it provides a theology for suffering, a community bound together in love, access to God who is willing to hear our honest laments, and a Savior who knows what unjust suffering feels like and whose death on the cross heals the broken-hearted and forgives their sins.

About the Session

This initial training for facilitators will discuss the following topics:

- If God loves us, why do we suffer? Canvas
- What is the wound of the heart?
- The grieving process.
- Taking our pain to the cross.
- Forgiveness

There are optional topics as well:

- Domestic violence
- Addiction
- Rape

Who Should Attend this Convening Session?

Church or organizational leaders interested in exploring a Bible-based response to the trauma of their people, as well as those wanting to enhance their existing outreach efforts by integrating a proven Bible-based approach to help heal wounds of the heart.

This training is for those who would want to learn how to facilitate group discussion to help people heal the wounds of their heart. This is a joint project of the Philippine Bible Society and the American Bible Society (ABS).

To know more about the program see the ABS site at TraumaHealingInstitute.org.

About Philippine Bible Society

The Philippine Bible Society is an interconfessional Christian ministry committed to bringing God's Word to the Filipino people. We make the Bible known and provide them with the opportunity to encounter our Lord and Saviour Jesus Christ through His Word. Since 1899, we've remained steadfast in making the Bible available in languages people understand, in formats that meet their needs, and at prices they can afford. We translate, produce, distribute, and promote the Word of God so that its life-changing message will reach even the remote corners of the country.
