

# ADVANCED TRAUMA HEALING EQUIPPING SESSION

## Bible-based Trauma Healing

### About the Session

This session, the second of two seminars, continues the equipping process for facilitators in Bible-based Trauma Healing using the book *Healing the Wounds of Trauma: How the Church Can Help* and its associated program model. This proven model of the Trauma Healing Institute uses applied Scripture and mental health principles to address spiritual and emotional wounds caused by trauma of war, violence, natural disasters, and abuse. The book has been translated and taught in over 100 countries with more than 194 language groups in Africa, Asia, the Pacific and the Americas.

The advanced session hones the skills acquired at the initial session and during the practicum. By the end of this session, trainees should be better able to solve program issues arising in trauma healing as they carry out their ministries. They should understand the materials completely and clearly and be able to equip others in a participatory way. ***Participants who have the necessary competencies are certified as Healing Group Facilitators at the end of the advanced session.*** If a participant exhibits strong facilitation skills, he/she may be asked to begin the process to be eventually certified as a Training Facilitator to help conduct Initial Equipplings.

### Who should attend?

**REQUIREMENTS:** Participants *must* have attended an initial equipping session and also *must* have co-led or led at least two healing groups (or some equivalent activity) and submitted their reports.

### About Us

The *Trauma Healing Institute* equips and supports a global community of workers in trauma care, helping local churches, national Bible Societies and other NGOs bring Bible-based trauma healing to the world's hurting people. See our site at [TraumaHealingInstitute.org](http://TraumaHealingInstitute.org).
