

ADVANCED TRAUMA HEALING EQUIPPING SESSION

Bible-based Trauma Healing

About the Session

This Advanced Equipping session continues the equipping process for facilitators in Bible-based Trauma Healing using the book *Healing the Wounds of Trauma: How the Church Can Help* and its associated program model.

The advanced session further develops the skills acquired at the initial session and during the practicum. Among topics included are:

- Review the 'core' lessons
- Practice facilitate to further grow as an effective facilitator
- Cover some supplemental lessons
- Further explore art and other exercises
- Introduce contextualization of materials

The goal by the end of this session is to become a Healing Group Facilitator. Participants should be better able to solve issues arising in trauma healing groups as they carry out their ministries. They should understand the materials completely and clearly and be able to better lead groups in a participatory way. Similar to the Initial equipping, there is an evaluation during this Advanced equipping session that consists of:

- ***Participant's self-awareness of impact on others*** and the ability to ***interact well in a group***
- ***Participant's overall emotional well-being***
- ***Another short test*** showing your knowledge of the content
- ***More practice facilitating a group in a participatory way*** with feedback on your strengths and suggestions to address areas needing improvement.

Participants who have the necessary competencies are certified as Healing Group Facilitators at the end of the advanced session.

If a participant exhibits training skills, he/she may also become a Training Facilitator and mentored to help conduct Initial Equipplings with a more experienced facilitator.

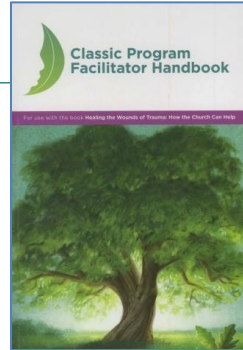

Who should attend?

REQUIREMENTS:

1. Participants ***must*** have successfully completed an initial equipping session **and also**
2. Participants ***must*** have co-led or led at least two healing groups (or some equivalent activity) and submitted their reports.

About Us

SIL International is a faith-based nonprofit language development organization that began the Bible-based Trauma Healing ministry and is a founding member of the *Trauma Healing Alliance*.
